Rear Door Product Owner: Kate Richardson

Rear Down Scrum Master: Erick Hernandez

Rear Dragon Product Owner: Josh

Rear Dragon Scrum Master: Jacob

Product Backlog – *Pithub*

ID	User Story / Task	Priority (1-10)	Estimate (SP)	Sprint (S/N)	Status	Assigned
RQ-001	As a developer, I want to create a timeline of what it takes to create a command line to upload a file from the command line interface using CLI.	2	2			
RQ-025	As product owner, I want to schedule meetings for Sprint 1 to discuss the Calendar of Scholarship Life upcoming events.	3	1	Y		
RQ-003	As a user, I would like to commment on videos.	5	4	N		
RQ-004	As a user, I want to filter videos by date and class so that I can narrow down content efficiently.	4	2			
RQ-005	As a user, I want to upload a custom thumbnail for my videos so that I can make my videos more visitable.	3	1	N		
RQ-006	As a user, I want to add video metadata (title, description, visibility) so that my content remains accurate.	3	2			
RQ-007	As a developer, I want to enforce file size limits so that storage and bandwidth are controlled.	5	3	N		
RQ-008	As a user, I want to see my upload progress so that I know when my video is ready to share.	5	2			
RQ-009	As a user, I want to access the platform on different screen sizes so that I can use it on mobile and desktop devices.	7	4			
RQ-010	As a user, I want to create notes within a video so that I can keep videos study material alongside videos and documents.	6	4			
RQ-011	As a user, I want to edit and delete my notes so that I can keep my study materials accurate and updated.	6	2			
RQ-012	As a user, I want to support basic text formatting in my notes so that they are easy to read and easier to read and organize.	5	3	N		
RQ-013	As a developer, I want to create an algorithm that prioritizes recently uploaded and frequently viewed content on the homepage so that users can quickly access relevant material.	5	3			
RQ-014	As a developer, I want the dashboard recommendation algorithm to display a balanced mix of videos and documents so that users are exposed to multiple forms of course content.	6	4			
RQ-015	As a user, I want to see recommended videos and documents on the homepage so that I can discover useful resources efficiently.	6	6			
RQ-016	As an administrator, I want to suspend or delete user accounts that repeatedly violate policies so that abuse of the platform is minimized.	5	3	N		
RQ-017	As a user, I want to receive notifications when my uploaded video is flagged so that I can quickly respond to resolution.	5	3	N		
RQ-018	As a first-time user, I want to see an onboarding tutorial so that I can understand how to navigate and use Pithub effectively.	5	3	N		
RQ-019	As a first time user, I want tooltips and walkthrough prompts during onboarding so that I can learn platform features interactively.	4	2			
RQ-020	As a user, I want to skip or revisit the onboarding tutorial so that I can explore platform guidance when needed.	3	1	N		
RQ-021	As a user, I want to get important videos, documents, and updates from my class and critical resources remain easy to access.	6	2			
RQ-022	As a user, I want to organize notes and assessments into folders within classes so that large amounts of content remain manageable.	5	3	N		
RQ-023	As a user, I want to receive notifications when my uploaded video is approved or removed so that I understand moderation actions affecting my account.	5	3	N		
RQ-024	As a developer, I want to create analytics for uploads, downloads, and views so that platform engagement can be measured.	5	5	N		
RQ-026	As a developer, I want to separate moderation tools from regular user interfaces so that administrative functions remain secure and isolated.	8	4			
RQ-027	As an Administrator, I want to be able to review flagged content in a moderation queue so that I can take action without having to retrain	5	3	N		
RQ-028	As an Administrator, I want the suspension feature to block suspended users from logging in or uploading content effectively and immediately.	8	5	N		
RQ-029	As a user, I want to upload multiple files at once so that I can add course materials faster and reduce repetitive uploads.	5	3	N		
RQ-030	As a user, I want to continue watching videos from where I previously stopped so that I can resume learning without manually searching for my place	7	4	N		
RQ-031	As a user, I want to receive notifications when classes I follow receive new content so that I stay updated with important academic resources.	7	5			
RQ-032	As a developer, I want to create automated backups for user-uploaded content so that important academic resources can be recovered after unexpected failures.	5	3	N		
RQ-033	As a user, I want to control sharing permissions for my uploaded documents so that I can decide who has access to my academic content.	9	5	N		
RQ-034	As a developer, I want to implement accessibility improvements (keyboard navigation, contrast, and screen reader support) so that Pithub is usable beyond a wider range of users.	8	4			
RQ-035	As a developer, I want to review and approve/reject uploaded content so that Pithub can reduce unnecessary storage and bandwidth costs.	10	6			
RQ-036	As a developer, I want to identify and remove duplicate or unnecessary database entries so that the database remains lean and can never overcrowd.	8	4			
RQ-037	As a user, I want the interface to use consistent buttons, spacing, colors, and typography so that the platform feels easier and more professional to use.	4	3			
RQ-038	As a developer, I want to conduct a usability review of the current user interface so that confusing workflows and unnecessary steps can be identified and documented.	5	3	N		
RQ-039	As a developer, I want to test Pithub on different screen sizes so that it remains usable when sizes so that existing layout issues can be identified and corrected.	5	3	N		
RQ-040	As a developer, I want to identify university departments and faculty groups that may benefit from Pithub so that outreach efforts can target relevant audiences.	4	2			
RQ-041	As a team member, I want to conduct product demonstrations for selected faculty and staff members so that the team can gather feedback from potential customers.	8	4			
RQ-042	As a developer, I want to create a customer feedback survey for existing users so that satisfaction with Pithub's current functionality can be measured.	5	3	N		
RQ-043	As a product owner, I want to identify the most requested improvements for Pithub so that the team can prioritize improvements that address user retention concerns.	8	4			
RQ-044	As a developer, I want to improve the first impression of Pithub for new visitors through feedback so that new users can immediately find their true meaningful task with fewer difficulties.	8	4			
RQ-045	As a user, I want the existing help text and instructions to use clear, understandable language so that I can learn how to use Pithub without additional assistance.	5	3	N		
RQ-046	As a developer, I want to establish a process for responding to user feedback and support requests so that existing users remain satisfied and engaged with Pithub.	8	4			
RQ-047	As a product owner, I want to review the effectiveness of customer outreach activities so that future demonstrations and promotional efforts can focus on the most productive channels.	5	3	N		
RQ-048	As a first time user, I want to be shown a quick demo video of Pithub's features so that I know what I am getting into and how to utilize Pithub.	7	6	N		
RQ-049	As a user, I want to be able to mark uploaded documents as videos as watch so that I can view them at a later date	5	3	N		
RQ-050	As a user, I want to be able to set an expiration for uploaded documents so that they do not stay on the platform for longer than necessary	5	3	N		
RQ-051	As a user, I want to view the current developers (each) on the Contact Page so that I am able to see and contact Pithub's current developers	5	3	N		
RQ-052	As a user, I want to view the current developers (Josh) on the Contact Page so that I am able to see and contact Pithub's current developers	5	3	N		
RQ-053	As a user, I want to view the current developers (Jacob) on the Contact Page so that I am able to see and contact Pithub's current developers	5	3	N		
RQ-054	As a user, I want to view the current developers (Josue) on the Contact Page so that I am able to see and contact Pithub's current developers	5	3	N		
RQ-055	As a new developer (Jacob), I want to add my information to the TEAM.md file so that Pithub documentation is up to date with regards to its development team	3	2			
RQ-056	As a new developer (Josue), I want to add my information to the TEAM.md file so that Pithub documentation is up to date with regards to its development team	3	2			
RQ-057	As a new developer (Josh), I want to add my information to the TEAM.md file so that Pithub documentation is up to date with regards to its development team	3	2			
RQ-058	As a new developer (Each), I want to add my information to the TEAM.md file so that Pithub documentation is up to date with regards to its development team	3	2			
RQ-059	As a new developer (Josh), I want to add a README.md file to the Pithub repository so that it is easier to navigate	3	2			
RQ-060	As a new developer (Josh), I want to add a README.md file to the Pithub repository so that it is easier to navigate	3	2			
RQ-061	As a new developer (Josh), I want to add a README.md file to the Pithub repository so that it is easier to navigate	3	2			
RQ-062	As a new developer (Josh), I want to add a README.md file to the Pithub repository so that it is easier to navigate	3	2			
RQ-063	As a new developer (Jacob), I want to add my information to the TEAM.md file so that I am familiar with the set up and development workflow for Pithub.	3	2			
RQ-064	As a new developer (Josh), I want to watch and follow along the onboarding videos uploaded to the Pithub Team Playlist so that I am familiar with the set up and development workflow for Pithub.	3	2			
RQ-065	As a new developer (Josue), I want to watch and follow along the onboarding videos uploaded to the Pithub Team Playlist so that I am familiar with the set up and development workflow for Pithub.	3	2			
RQ-066	As a new developer (Each), I want to watch and follow along the onboarding videos uploaded to the Pithub Team Playlist so that I am familiar with the set up and development workflow for Pithub.	3	2			
RQ-067	As a new developer (Josue), I want to watch and follow along the onboarding videos uploaded to the Pithub Team Playlist so that I am familiar with the set up and development workflow for Pithub.	3	2			
RQ-068	As a new developer (Jacob), I want to watch and follow along the onboarding videos uploaded to the Pithub Team Playlist so that I am familiar with the set up and development workflow for Pithub.	3	2			
RQ-069	As a new developer (Each), I want to watch and follow along the onboarding videos uploaded to the Pithub Team Playlist so that I am familiar with the set up and development workflow for Pithub.	3	2			
RQ-070	As a new developer (Josh), I want to answer the Onboarding Feedback Google Form so that the Bear Down scrum team has valuable information that can be used to improve Pithub on the onboarding process	5	3	N		
RQ-071	As a new developer (Josh), I want to answer the Onboarding Feedback Google Form so that the Rear Dragon scrum team has valuable information that can be used to improve Pithub on the onboarding process	5	3	N		
RQ-072	As a new developer (Josue), I want to answer the Onboarding Feedback Google Form so that the Bear Down scrum team has valuable information that can be used to improve Pithub on the onboarding process	5	3	N		
RQ-073	As a new developer (Josue), I want to answer the Onboarding Feedback Google Form so that the Rear Dragon scrum team has valuable information that can be used to improve Pithub on the onboarding process	5	3	N		
RQ-074	As a new developer (Each), I want to answer the Onboarding Feedback Google Form so that the Bear Down scrum team has valuable information that can be used to improve Pithub on the onboarding process	5	3	N		
RQ-075	As a new developer (Each), I want to answer the Onboarding Feedback Google Form so that the Rear Dragon scrum team has valuable information that can be used to improve Pithub on the onboarding process	5	3	N		
RQ-076	As a product owner, I want to have a clear understanding of the Pithub Team Roles so that I can explore other options for managing my files.	5	3	N		
RQ-077	As a user, I want to see a clear progress indicator during uploads so that I can know the stage while uploading a file so that my uploads are successful.	5	3	N		
RQ-078	As a developer, I want to fully participate in our Fall 2026 mid-term Product Review on Friday, October 30 at 2 PM.	8	4			
RQ-079	As a user, I want to be able to share a direct link to a video or document by clicking a share button so that I can easily send content to others.	5	3	N		
RQ-080	As a user, I want to open a video preview when I click on a video title so that I can watch the video without navigating through unnecessary pages.	7	3	N		
RQ-081	As a product owner, I want to meet with Dr. Klump to discuss Lewis University's potential future involvement with Pithub and responsibilities so that the team can determine a sustainable plan for Pithub's hosting and operating costs.	3	1	Y		
RQ-082	As a user, I want to upload a custom thumbnail for my classes so that I can visually distinguish them from other classes.	3	1	N		
RQ-083	As a user, I want to upload custom thumbnails for documents and videos so that I can visually distinguish them from other content so that I can make my shared resources easier to identify and keep them information accurate.	3	1	N		
RQ-084	As a user I want to add and edit descriptions for uploaded files so that other users can understand the purpose and context of a document before opening or downloading it.	5	2	N		
RQ-085	As the original development team, I want to evaluate options for Pithub after the current semester, including open-sourcing the project, so that we can establish a sustainable future for the platform.	3	1	N		
RQ-086	As a system administrator, I want to create separate accounts for developers and administrative responsibilities can be managed independently.	3	2	N		
RQ-087	As a developer (Jacob), I want to set up the local development environment so that I can run Pithub locally on my own machine so that I am able to contribute to the development of Pithub.	3	2	N		
RQ-088	As a developer (Josh), I want to set up the local development environment so that I can run Pithub locally on my own machine so that I am able to contribute to the development of Pithub.	3	2	N		
RQ-089	As a developer (Josue), I want to set up the local development environment so that I can run Pithub locally on my own machine so that I am able to contribute to the development of Pithub.	3	2	N		
RQ-090	As a developer (Each), I want to set up the local development environment so that I can run Pithub locally on my own machine so that I am able to contribute to the development of Pithub.	3	2	N		
RQ-091	As a product owner, I want to add user stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-092	As a developer (Josh), I want to add user stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-093	As a developer (Josue), I want to add user stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-094	As a developer (Each), I want to add user stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-095	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-096	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-097	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-098	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-099	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-100	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-101	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-102	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-103	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-104	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-105	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-106	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-107	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-108	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-109	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-110	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-111	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-112	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-113	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-114	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-115	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-116	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-117	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-118	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-119	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-120	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-121	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-122	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-123	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-124	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-125	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-126	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-127	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-128	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-129	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-130	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-131	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-132	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-133	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-134	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-135	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-136	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-137	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-138	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-139	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-140	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-141	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-142	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-143	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-144	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-145	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-146	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-147	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-148	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-149	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-150	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-151	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-152	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-153	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-154	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-155	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-156	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-157	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-158	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-159	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-160	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-161	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-162	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-163	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-164	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-165	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-166	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-167	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-168	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-169	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-170	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-171	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-172	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-173	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-174	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-175	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-176	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-177	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-178	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-179	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-180	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-181	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-182	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-183	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-184	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-185	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-186	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-187	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-188	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-189	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-190	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-191	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-192	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-193	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-194	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-195	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-196	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-197	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-198	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-199	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-200	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-201	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-202	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-203	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-204	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-205	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-206	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-207	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-208	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-209	As a Computer Science professor, I want a developer (Jacob) to reach out and pitch Pithub as an alternative to Panopto, so that I can explore other options for managing my files.	5	1	N		
RQ-210	As a Computer Science professor, I want a Pithub developer (Josh) to reach out and pitch Pithub as an alternative to Panopto, so that I can explore other options for managing my files.	5	1	N		
RQ-211	As a Computer Science professor, I want a Pithub developer (Josue) to reach out and pitch Pithub as an alternative to Panopto, so that I can explore other options for managing my files.	5	1	N		
RQ-212	As a Computer Science professor, I want a Pithub developer (Each) to reach out and pitch Pithub as an alternative to Panopto, so that I can explore other options for managing my files.	5	1	N		
RQ-213	As a product owner, I want to meet with Dr. Klump to discuss Lewis University's potential future involvement with Pithub and responsibilities so that the team can determine a sustainable plan for Pithub's hosting and operating costs.	3	1	Y		
RQ-214	As a user, I want to be able to share a direct link to a video or document by clicking a share button so that I can easily send content to others.	5	3	N		
RQ-215	As a user, I want to upload custom thumbnails for documents and videos so that I can visually distinguish them from other content so that I can make my shared resources easier to identify and keep them information accurate.	3	1	N		
RQ-216	As a user I want to add and edit descriptions for uploaded files so that other users can understand the purpose and context of a document before opening or downloading it.	5	2	N		
RQ-217	As the original development team, I want to evaluate options for Pithub after the current semester, including open-sourcing the project, so that we can establish a sustainable future for the platform.	3	1	N		
RQ-218	As a system administrator, I want to create separate accounts for developers and administrative responsibilities can be managed independently.	3	2	N		
RQ-219	As a developer (Jacob), I want to set up the local development environment so that I can run Pithub locally on my own machine so that I am able to contribute to the development of Pithub.	3	2	N		
RQ-220	As a developer (Josh), I want to set up the local development environment so that I can run Pithub locally on my own machine so that I am able to contribute to the development of Pithub.	3	2	N		
RQ-221	As a developer (Josue), I want to set up the local development environment so that I can run Pithub locally on my own machine so that I am able to contribute to the development of Pithub.	3	2	N		
RQ-222	As a developer (Each), I want to set up the local development environment so that I can run Pithub locally on my own machine so that I am able to contribute to the development of Pithub.	3	2	N		
RQ-223	As a product owner, I want to add user stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-224	As a developer (Josh), I want to add user stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-225	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-226	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-227	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-228	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-229	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-230	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-231	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-232	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-233	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-234	As a developer (Each), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-235	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-236	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement	2	2			
RQ-237	As a developer (Josue), I want to add two stories to the product backlog so that I can ensure I have
