Sprint 4 Product Owner: Java

Sprint 4 Scrum Master: Jacob

Sprint 5 Product Owner: Josh

Sprint 5 Scrum Master: Jacob

Sprint 6 Product Owner: Jacob

Sprint 6 Scrum Master: Josh

Sprint Planning completed 10/22

Attended by Jacob and Josh

Definition of Done:

A story is done when the implementation is complete, testing has been completed, documentation is updated, changes are integrated into the product, and the story is demoable in production.

📋 Sprint Backlog – *Pithub*

ID	User Story / Task	Priority (1-10)	Estimate (SP)	Spike (Y/N)	Status	Assigned
RC-193	As a user, I want to view the current developers (Jacob) on the Contact Page so that I am able to see and contact PitHub's current developers	5	1	N	In-Progress	Jacob
RC-194	As a user, I want to view the current developers (Josh) on the Contact Page so that I am able to see and contact PitHub's current developers	5	1	N	In-Progress	Josh
RC-195	As a user, I want to view the current developers (Java) on the Contact Page so that I am able to see and contact PitHub's current developers	5	1	N	In-Progress	Java
RC-196	As a user, I want to view the current developers (Chloe) on the Contact Page so that I am able to see and contact PitHub's current developers	5	1	N	In-Progress	Chloe
RC-197	As a new developer (Jacob), I want to add my information to the TEAM.md file so that PitHub documentation is up to date with regards to its development team	5	1	Y	In-Progress	Jacob
RC-198	As a new developer (Josh), I want to add my information to the TEAM.md file so that PitHub documentation is up to date with regards to its development team	5	1	Y	In-Progress	Josh
RC-199	As a new developer (Java), I want to add my information to the TEAM.md file so that PitHub documentation is up to date with regards to its development team	5	1	Y	In-Progress	Java
RC-200	As a new developer (Chloe), I want to add my information to the TEAM.md file so that PitHub documentation is up to date with regards to its development team	5	1	Y	In-Progress	Chloe
RC-201	As a new developer (Jacob), I want to watch and follow along the onboarding videos uploaded to the PitHub Team Playlist so that I am familiar with the set up and development workflow for PitHub	9	2	Y	In-Progress	Jacob
RC-202	As a new developer (Josh), I want to watch and follow along the onboarding videos uploaded to the PitHub Team Playlist so that I am familiar with the set up and development workflow for PitHub	9	2	Y	In-Progress	Josh
RC-203	As a new developer (Java), I want to watch and follow along the onboarding videos uploaded to the PitHub Team Playlist so that I am familiar with the set up and development workflow for PitHub	9	2	Y	In-Progress	Java
RC-204	As a new developer (Chloe), I want to watch and follow along the onboarding videos uploaded to the PitHub Team Playlist so that I am familiar with the set up and development workflow for PitHub	9	2	Y	In-Progress	Chloe
RC-205	As a new developer (Jacob), I want to answer the Onboarding Feedback Google Form so that the Bear Down scrum team has valuable information that can be used to improve PitHub or the onboarding process	5	1	Y	In-Progress	Jacob
RC-206	As a new developer (Josh), I want to answer the Onboarding Feedback Google Form so that the Bear Down scrum team has valuable information that can be used to improve PitHub or the onboarding process	5	1	Y	In-Progress	Josh
RC-207	As a new developer (Java), I want to answer the Onboarding Feedback Google Form so that the Bear Down scrum team has valuable information that can be used to improve PitHub or the onboarding process	5	1	Y	In-Progress	Java
RC-208	As a new developer (Chloe), I want to answer the Onboarding Feedback Google Form so that the Bear Down scrum team has valuable information that can be used to improve PitHub or the onboarding process	5	1	Y	In-Progress	Chloe
RC-210	As a Computer Science professor, I want a PitHub developer (Jacob) to reach out and pitch Pithub as an alternative to Panopto, so that I can explore other options for managing my files.	5	1	N	In-Progress	Jacob
RC-211	As a Computer Science professor, I want a PitHub developer (Josh) to reach out and pitch Pithub as an alternative to Panopto, so that I can explore other options for managing my files.	5	1	N	In-Progress	Josh
RC-212	As a Computer Science professor, I want a PitHub developer (Java) to reach out and pitch Pithub as an alternative to Panopto, so that I can explore other options for managing my files.	5	1	N	In-Progress	Java
RC-213	As a Computer Science professor, I want a PitHub developer (Chloe) to reach out and pitch Pithub as an alternative to Panopto, so that I can explore other options for managing my files.	5	1	N	In-Progress	Chloe
RC-224	As a new developer (Jacob), I want to set up the local development environment so that I can run PitHub locally on my own machine so that I am able to contribute to the development of PitHub.	9	2	Y	In-Progress	Jacob
RC-225	As a new developer (Josh), I want to set up the local development environment so that I can run PitHub locally on my own machine so that I am able to contribute to the development of PitHub.	9	2	Y	In-Progress	Josh
RC-226	As a new developer (Java), I want to set up the local development environment so that I can run PitHub locally on my own machine so that I am able to contribute to the development of PitHub.	9	2	Y	In-Progress	Java
RC-227	As a new developer (Chloe), I want to set up the local development environment so that I can run PitHub locally on my own machine so that I am able to contribute to the development of PitHub.	9	2	Y	In-Progress	Chloe
RC-233	As a developer (Jacob), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement.	4	2	Y	In-Progress	Jacob
RC-234	As a developer (Josh), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement.	4	2	Y	In-Progress	Josh
RC-235	As a developer (Java), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement.	4	2	Y	In-Progress	Java
RC-236	As a developer (Chloe), I want to add two stories to the product backlog so that I can ensure I have utilized the product and can identify areas for improvement.	4	2	Y	In-Progress	Chloe

Individiual Capacity: 8 Story Points

Team Capacity: 32 Story Points

Total Committed Story Points: 40 points
